Photo request

We want to make this a visual conference, a brilliant blend of images and to do this are requesting you send us **images that capture the notion of blend in tourism**. This could take many forms related to the tourist experience or features at a destination.

We are also interested in photos from **past CAUTHE Conferences!** Dust off those photos or search your computer archives and email us your most interesting photos. This is CAUTHE's 21st conference, so we want to celebrate with images that reflect those 21 years.

All images can be emailed to Jenny Davies at jenny.davies@unisa.edu.au

Attendees will have the opportunity to take part in an innovative, engaging and useful program tailored for all PhD and ECR scholars. As always, a

workshop highlight will be the opportunity for PhD and ECRs to personally discuss their research with internationally renowned academics. NEW SPECIAL INTEREST GROUP

CAUTHE is pleased to announce the establishment of the Event Studies SIG (ESSIG) initiated by :

- Michelle Whitford, Southern Cross University; and
- Judith Mair, Monash University.

The Event Studies SIG seeks to create more effective cooperation, communication and knowledge sharing amongst event researchers and educators.

This will contribute to the development of collaborative partnerships which in turn, will augment existing event studies research and education. The main activities of the ESSIG will be determined after an initial face-to face meeting at the CAUTHE 2011 conference. It is proposed that a schedule of activities, priorities and initiatives will be discussed at that time to facilitate equity, account-

ability, transparency and ownership.

The inaugural meeting of the ESSIG will be on Wednesday 9 February from 11.00am-12.30pm at the Adelaide CAUTHE 2011 conference. We look forward to seeing interested event studies researchers there!

For more information go to the Event Studies SIG [website](#).

Australia and New Zealand Association for Leisure Studies

MEMO OF UNDERSTANDING WITH ANZALS

CAUTHE and ANZALS are key organisations that work to promote research and scholarship in the areas of leisure and tourism within Australia and New Zealand. Thus, the Executive of each organization has been considering opportunities for collaboration, networking and cross-disciplinary engagement between the two organisations for mutual benefit. It is anticipated that greater collaboration will strengthen research cultures, inform teaching and learning development and broaden potential links with industry across sectors identi-

fied with leisure and tourism.

On 22 November 2010, CAUTHE Chair, Brent Ritchie signed a Memo of Understanding with ANZALS President, Simone Fullager. The MOU aims to provide the following reciprocal benefits to members:

- ◆ ANZALS and CAUTHE conference registration discounts (if available)
- ◆ Special interest group involvement
- ◆ Cross promotion of calls for papers and other announcements

- ◆ Invitations to attend special workshops, seminars and symposia.

Stay tuned for more details about future collaboration <http://www.anzals.org.au/home>
