MCA small group discussion session guidelines

Context Session participants will be grouped together with a CAUTHE fellow and/or senior professor to discuss their career development and aspirations.

Format Participants are encouraged to engage in discussion according to the general guidelines:

1. Introductions

Participants to introduce themselves:

- a. current employment and research focus
- b. research impact issues (from presentation)

2. MCA group discussion

Thinking about your research at this point in time:

- a. What personal barriers have you encountered and what specific tools and strategies have you used to overcome those barriers?
- b. Aspirational goals or career changes.
